

Graduate Accountant

Do you want to be part of something great?

If you're the kind of person who walks with a spring in their step, gets excited about solving problems, and looking to secure your first job with a firm that loves helping people and businesses to be at the top of their game, you're the kind of person we'd like to meet!

Over here at Ipsum, we are focused on delivering value. We're an entrepreneurial firm with a vision for what the role of an accountant really can be. We work on a fixed-fee pricing model (hooray, no timesheets!) and have built a multi-skilled team comprising accountants, researchers, business advisors, and technology lovers, all focused on the innovation of today and our clients' financial position of tomorrow (and beyond!) many of whom have been with us for many years.

Accounting is an exciting profession and as a graduate, you now have a skill set that allows you to help clients significantly with their financial future. However, most accounting firms focus mainly on compliance work with their clients. That's all about reporting on history. We're equally interested in helping our clients create history.

The best part? Our clients. You'll have the opportunity to work directly with our clients who are progressive thinkers with ambition.

We also understand that work is not your life. We have regular team get-togethers, lunches, functions and Friday drinks. We encourage a work-life balance and offer flexible working hours.

It's an exciting time in the growth and development of our firm.

Do you have what it takes to succeed?

- You have exceptional attention to detail.
- You have excellent written and verbal communication skills.
- Your willingness to learn is clear to everyone you work with and you're known for showing initiative.
- You're a positive "team player" with a happy attitude.
- You love being highly productive and you pride yourself on your excellent time management skills.
- You get things done.
- You exercise the highest standards of ethics, confidentiality, and professionalism at all times.

TRUSTED FOR OUR ADVICE.
LOVED FOR OUR RESULTS.

Your qualifications and skills

- Tertiary qualifications in accounting (or currently enrolled and studying)
- Intention to study for membership of a professional accounting body.
- Technologically savvy.
- Willingness to learn, show initiative and be a positive team player.
- Excellent attention to detail and time management skills.

How to apply

Sound like you and you think you have what it takes to join a high performing team? Send your resume, academic transcript and a cover letter telling us a bit about yourself and why you'd like to work at Ipsum to hr@ipsumadvisors.com.au.

Shortlisted applicants will be invited to a causal interview. If you're successful at this stage, a second interview will take place with our Directors.

Apart from the usual interview discussion, we'll also ask you to complete some competency tests while you're here.

We look forward to receiving your application!
